

Volunteer: Digital / Social Media

Volunteer Position Description

Curiosity Collider Art-Science Foundation is seeking 2-3 volunteers who would help develop and update content for our digital and social media, including but not limited to website, Mailchimp, Twitter, Facebook, Youtube, and Instagram.

Why should you be interested?

- Gain digital and social media experience in a non-profit environment.
- Learn the inner workings of a non-profit organization.
- Support a growing local non-profit organization and the art-science community in Vancouver
- Meet artists and scientists who are part of the art-science community
- Free admission to many Curiosity Collider's events

Volunteer Responsibilities

- Work closely with Community Relations Director to develop creative ways to engage CC's online audience
- Use Twitter, Instagram, Youtube, and Facebook to promote Curiosity Collider's events and activities, including but not limited to exhibition, performances, and speaker series
- Share event highlights live through social media channels.
- Track the effectiveness of our social media work and make recommendations for improvement
- Update Curiosity Collider website with:
 - Upcoming news and events
 - Videos and photographs from Curiosity Collider events
 - Local art-science events in our Google calendar
- Assist Community Relations Director in developing Mailchimp campaign to promote CC's upcoming events.

Qualifications

- Ability to transform small snippets of information into interesting and engaging stories suitable for digital and/or social media.
- Excellent writing, storytelling, and communication skills
- Experience with Wordpress and/or Mailchimp an asset, but not required (must be willing to learn)
- Experience with Adobe Creative Suite an asset, but not required.
- The ability to work equally well in a team and unsupervised
- Familiarity with best practices in digital and social media
- Demonstrates creativity in social media, specifically Facebook, Instagram, Twitter, and YouTube
- Good understanding of confidentiality

- Must be able to commit to the position for 1 year minimum.

Hours

3-5 hours per week, depending on events and campaigns.

About Curiosity Collider

Curiosity Collider promotes interdisciplinary collaborations that capture natural human curiosity. At the intersection of art, culture, technology, and humanity are innovative ways to communicate the daily relevance of science. Collide with us and help create new ways to experience science. The Collider is open to working with people from all visible minorities; we welcome all curious people including First Nations, Inuit, and Metis applicants.

To Apply

Submit your resume and a short statement as to why are you interested in the position to info@curiositycollider.org. We will accept applications for this position until the positions are filled.
